Dear Parents / Caregivers

Re: Cambridge HOTmaths

Please note that all students in Years 8 and 9 have complimentary access to Cambridge HOTmaths which corresponds directly to the Cambridge Essentials text books.

Cambridge HOTmaths is an online mathematics learning resource, offering a range of engaging resources for students. Learning tools include complete lessons, step-by-step walkthrough problems, interactive animations and four levels of questions.

Cambridge HOTmaths students have access to all of the learning material on the site, allowing them to work at their own pace and level, and providing a true continuum of learning. Cambridge HOTmaths also includes the Scorcher facility which allows students to compete with others from their school and around the world.

Students will be given tutorials in class and Year 8 students will have their lesson 7 or 8 on Monday dedicated to HOTmaths. Year 9 students will have their lesson 7 or 8 on Tuesday dedicated to HOTmaths.

Please note that there is also Mathematics Support on Wednesday mornings in the Resource Centre from 8:30-10am in Area 3 with Daniel Del Pilar.

All staff emails are available on the school website.

Yours sincerely

Jade Clifford             Jacqui van Ruiten
Mathematics Coordinator        Principal
