Dear Parent / Caregiver

Re: Personal Project Marking Day

As you would be aware, Year 10 students have been working on some exciting personal projects over the past six months. On Monday 20 June, Year 10 Personal Project teachers will be taking part in a moderation and marking day to carefully assess these major projects. As a result, all Year 10 students will participate in a home based study program for the day.

The home based program has been designed to allow students the opportunity to commence their Personal Learning Plan – a compulsory subject for the South Australian Certificate of Education (SACE). Students must pass this subject in order to gain their final certificate in Year 12 and it is best completed in Year 10. Students will be expected to begin work on their E-Portfolio for the Personal Learning Plan.

E-Portfolio Preparation
The E-Portfolio will be used over the course of the Personal Learning Plan to document student progress and will be used as part of their assessment. The components of the E-Portfolio, and the expectations of students for Monday 20 June will be explained through the PLG program.

Students will have access to the Moodle page and the Year 10 Personal Learning Plan 2016, which provides them with a step by step instructional guide on how to create their individual E-Portfolio.

If you have any further queries regarding this day, please contact Chris Robinson on 8365 0455.

Yours sincerely

Chris Robinson
Year 10 Sub School Head
