Dear Parent / Caregiver

RE: Semester 2 Pre Specialist Mathematics

Your student is currently enrolled in Semester 2 Pre Specialist Mathematics, which is the course preparing students for the highest level of mathematics at Year 12 – Specialist Mathematics (undertaken in conjunction with Mathematical Methods).

It would be expected that students continuing on to Specialist Mathematics would consistently be achieving A's and B's in Semester 1 Pure Mathematics.

Your student has not demonstrated this consistency at this point in time, with one or more results lower than a B grade. Therefore, your student's enrolment in this course has been changed to Pure Maths, which will prepare students for Stage 2 Mathematical Methods.

If your student does reach an A or B grade by the end of the semester, they may apply to re-enrol in the pre specialist course with teacher recommendation.

Please contact the Mathematics Coordinator, Jade Clifford (Jade.Clifford210@schools.sa.edu.au) or the Mathematics teacher if you have further questions.

Yours sincerely

Jade Clifford
