Dear Parents/Caregivers

RE: Uniform issues: Girls uniforms

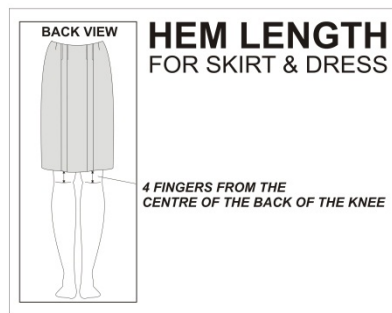

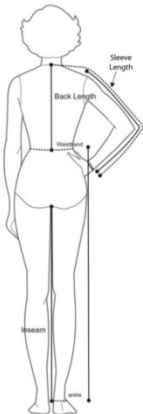

The purpose of this letter is to clarify the regulation of skirt and dress length for girls' uniforms.

Campus Management appreciate those students who wear their skirts and dresses at the correct length but we are concerned at the number which is not regulation length and are much too short.

The uniform navy blue skirt and summer dress should be knee length. This is stated in the Uniform Policy. The school has been in contact with Uniform Management Services to clarify that they are a suitable length when purchased. Some skirts and dresses have been altered or taken up to be much shorter, which is not consistent with school policy.

As a clear guide, skirts and dresses should be no more than four finger widths from the crease at the back of the knee. See the diagram below of this from Uniform Management Services.

Please ensure that skirts and dresses comply with this.

If your child's skirt or dress does not meet these regulations please let down the hem of the skirt or dress so that it is the required length or, if that is not possible a new skirt or dress can be bought at the uniform shop. The coming school holidays provides an ideal time to alter the skirts or purchase new ones.

Uniform Management Services details of opening times and the address can be found on the website.

Thank you to those who wear their skirts correctly and we request that all students ensure their skirt is the correct length by the start of term 2.

Yours sincerely
