Dear Parent / Caregiver

RE: Electro-technology First Aid Training

A requirement for the VET Electro-technology course is that your child must complete a First Aid Certificate. Surf Life Saving SA will deliver the Certificate course "Provide First Aid". As well as being an essential element of the course, it is an excellent qualification that is highly valued by a wide range of employers, and is a pre-requisite for many occupations.

The training will take place on Wednesday 31 May 2017 (8:20 am – 4:30 pm) at Norwood Morialta High School – senior campus. Students will miss normal lessons on this day and, therefore, must catch up on all missed work.

This blended course requires all students to complete online training prior to the one day practical session. Each student must supply the trainer with their printed certificate of completion, which is awarded at the end of the on-line component. The nationally recognised Statement of Attainment will be issued by Surf Life SA upon completion of both theoretical and practical components.

Any students who already have this qualification simply need to present the certificate and they will be exempt from participating in this section of the course.

All students are required to wear their correct school uniform.

The cost of the Apply First Aid Course is \$130. This amount was invoiced as part of the subject course fees and the cost will not be refunded if your student is not present. Please make payment to the pay station by Thursday 25 May if course fees are overdue.

Please contact the school if you require any further clarification.

Yours sincerely

Angelo Piantadosi & Menelaos Paraskevas  
VET Electro-technology Teachers

Jacqui van Ruiten
