Dear Parent/Caregiver

**RE: Stage 2 Visual Art: Art and Design**

Each year the Art Gallery of South Australia encourages schools to engage with a Transforming Techniques workshop. This year, due to our current Covid-19 circumstances, the event will be held at school as an incursion on Wednesday 29 July, 2020. This is the perfect opportunity for our senior students to see examples and to work with practicing artists on refining their skills for their folios and practicals.

One of the trained artist facilitators will deliver a workshop on understanding the fundamentals of composition in art and design works. The students will be given resources and an opportunity to practice the skills. All of the work students complete on this day, can be used in their folios as skill development. This is an invaluable opportunity and will set some high goals for our students.

The workshop will run on Wednesday, 29 July from 9:00am – 3:00pm in the senior campus art room, which will ensure students avoid missing too many other scheduled lessons. If students do miss other scheduled lessons, they are expected to discuss this with their teachers and negotiate what work they will need to catch up on.

This is a a great opportunity for our students and we look forward to setting some high and achievable goals with them.
