Supporting Statement from Parent / Caregiver

I Understand that

Students undertaking VET courses may reduce their subject load by one class per semester. A reduced subject load at year 12 may preclude a student from an ATAR calculation for University entry.

Only completed Certificate III courses can contribute to an ATAR calculation.

Once a VET course is confirmed, subjects chosen may need to be changed to minimize the impact of the VET day on the program at school.

Students will not be able to undertake a practical subject at school that has a double lesson on their VET day

I understand that my student may not be eligible for VET with additional costs if ALL Current school fees are not up to date and not at Debt Collection.
